Resources

V-TAS provides all necessary vehicles and materials for the training.

Exam

Upon completion of the training, the exam (theory and practice) "Working with a Truck Crane and Salvage" is administered by CertiFlex. This exam takes one day, and can be taken at any convenient location if desired.

You will receive the "Working with a Truck Crane" certificate and the "Salvage" certificate.

In 6 days, this training, officially recognized by Stichting Incident Management Nederland (SIMN), will provide you with a recognized certificate from the BKS that will demonstrate your quality as a service provider.

If you also follow IBKI parts of this training, there are exams associated with it from IBKI, participants will receive a certificate from IBKI if they pass.

In some cases the IBKI exams will not take place during the opening days due to availability of IBKI examiners, exams will then be discussed at IBKI locations.

Validity period of the certificate

The validity period of the certificate is unlimited.
