WORKING SAFELY WITH A MINI DIGGER

Target group and admission requirements

Persons working or going to work with a mini digger, but not using it for lifting. This certificate is sufficient to meet the legal obligations. The certificate gives the holder legal authority (art. 7.3 and 7.6 Arbo-regulations) to operate a mini excavator professionally.

Trainees must not have impairments of vision, hearing functions and motor skills. The trainee is required to wear a helmet and high safety shoes class S3 during the practical part of the training.

As of July 1, 2015, the T-License came into effect. The T Driving License is mandatory for driving agricultural and forestry tractors (LBT) and limited speed motor vehicles (MMBS). Thus, the T-License is also mandatory to take the exam.

Content and purpose of training

The Safe Working with Mini Excavators course provides the student with knowledge and skills related to operating a mini excavator. Without this certificate, the employer/employee is not demonstrably covered against liability and legal responsibilities.

This course covers the following topics in theory and practice:

- Preparations
- Explanation of mechanical operation and hydraulic system
- Daily maintenance
- Moving the machine independently
- Recognizing malfunctions and taking action
- Safety precautions when loading and unloading the machines for transportation
- Aftercare and environmental responsibility

The training is taught by experienced and well-trained instructors, and it involves working with approved machinery.

Students will be given a training folder at the beginning of the course that can also serve as a reference book.

Exam

Attached to the training is a V-TAS exam. The exam consists of a practical and a theoretical exam and is taken at the end of the training day. If the exam is passed successfully, the trainee receives a certificate and a certificate of competence which a r e valid for 5 years.

General information

Duration of	trainingBeginner 2 days including the exam. Evaren or repetition 1 day
Training	locationEvery V-bag location or in company
Number of	students1 to 8 at open enrollment at one of the V-TAS locations 4 per instructor - per machine in company

Start	dateYou can find this on our website in our calendar www.vtas.com or inquire with one of the staff members at V-TAS. You can reach us at +31 497 360305. If a suitable date is not scheduled, a suitable solution can always be found by mutual agreement .
Code 95 refresher training hours	no
Subsidy possibilities	V-TAS is recognized as a training provider by: SOOB - OOM - Colland - KMO-Portefeuille
